ORIGINAL
SUPPLEMENT

On December 20, 2002, at approximately 8:00 A.M., dispatch radioed me that a commercial shrimping vessel sank in the Florida Keys National Marine Sanctuary (F.K.N.M.S.).

I telephoned the U.S. Coast Guard (U.S.C.G.) in Key West. They said the vessel "Done Deal" sank while at anchor. The coordinate for the vessel was N 24° 43.60 W 082° 47.70. The vessel "Sunhippie" rescued the crew, and is expected to arrive in Key West at 3:30 P.M. today.

I plotted the coordinate on N.O.A.A. Chart 11434. The "Done Deal" sank, in Gulf State waters, in the F.K.N.M.S.

Officer Mehegan and I met the crew of the "Done Deal" at Sea market on Stock Island. The owner, identified himself as Mr. Thomas Hersey of 316 Boca Chica Road, Key West, FL 33040. He said on December 19, 2002, at approximately 10:00 P.M. the boat was anchored, north of the "K" buoy, when he noticed it was sinking. He could not find the source of the water and at approximately midnight the crew jumped into the water. He watched it sink. The "Sunhippie" rescued the crew.

The "Done Deal" is a 63 foot wooden hull shrimping trawler. Mr. Hersey said when it sank, it had approximately 800 gallons of diesel aboard.

I completed a Florida Boating Accident Investigation. I told Mr. Hersey, he is responsible for damage caused by this incident.

A background check of the crew showed Mr. Anthony A Hickman, of Bama Seafood 2nd Street, Key West, FL 33040 had a warrant for violation of probation. The warrant number is CFP60-373. The date of the warrant is November 21, 2002. I arrested Mr. Hickman, and transported him to Monroe County Jail.

On December 22, 2002, I talked to Mr. Krivdo, of the U.S. Coast Guard. He said a U.S.C.G. aircraft flew over the wreck sight. The vessel was in two sections 100 yards from each other in the given coordinate. The pilot reported, there was no signs of pollutants coming from the wreck.

I telephone Ranger Roy Appugliese, of the U.S. Park Service from the Dry Tortugas National Park. He said he had been out to the wreck, and marked it with a small white buoy.

On January 16, 2003, at approximately 4:00 P.M., I interviewed Mr. Hersey, the owner of the "Done Deal." I asked him if he had made arrangements to salvage his vessel. He said he did not have insurance covering the vessel, and does not have the money to hire a salvager.
